## To Be The "Power" King

What can you do with such a large capacity battery? The answer is everything! 11700mAh battery, it supports around 18hours video playback. No matter where you go, you can stop and enjoy the beautiful scenery there, and the tablet will always be with you. Besides, it supports USB fast charging. If you are in the wild and you happen to have a power bank, that will be great!

## Multiple Quick Unlock Methods

X2 supports face recognition and fingerprint unlock, which you can unlock your device easily and quickly. And with these biometric technologies, the tablet becoming safer and more efficient.

## Dual Sim, Dual Standby

To save call charges, you can choose to use cheap phone calls. Easy to use, with 2 numbers, but only need to bring one device. Full contact, suitable for occasions such as field adventures that require close contact.
